Curriculum vitae

Friederike Legal is currently working as Research Assistant with the Chair of Medical Ethics. In 1997, she began her studies at Friedrich-Alexander-University Erlangen-Nürnberg which she completed with a masters degree in Sociology and Psychology in 2003. In 2006, she obtained a second masters degree in Psychogerontology from Erlangen University. For several years, she gained field specific experience by clinical occupations in geriatric out-patient units and as principal of a school for adult education (occupational therapy, physiotherapy, care of the elderly). An expert for dementia, Friederike Legal is currently working for the SAKI project.
